SUPPLIER FORUMS – AS13100 DEPLOYMENT
Thursday 8 June 2023 | Virtual Event**

AESQ Virtual Supplier Forum Invitation

Dear Supplier,

As a valued engine supply chain supplier, we invite you to attend an upcoming ***AESQ Virtual Supplier Forum*** scheduled Thursday, 8 June 2023 across multiple time zones (see below).

AESQ Supplier Forums are an opportunity for the aerospace engine supply chain to learn what the AESQ is doing; to provide feedback to AESQ on its efforts; and to provide suppliers with the opportunity to talk directly with their customers (AESQ members). Participants will learn about the *SAE AS13100™ AESQ Quality Management System Requirements for Aero Engine Design and Production Organizations* Standard and related deployment activities.

Aero Engine Manufacturers are required to flow down regulatory and customer requirements to their supply chains. Because of the product complexity and links to safety, they tend to include more stringent requirements than the rest of the aircraft systems and components. AS13100 was created to replace customer specific quality requirements – leading to simplification and harmonization between engine manufacturer supply chains.

This event is hosted by the AESQ Strategy Group and includes presentations by SENIOR LEADERSHIP from AESQ member companies responsible for Supplier Selection and Management.

Time Zones

- New Delhi – 9:30 am
- Beijing – 12:00 pm
- Singapore – 12:00 pm
- Tokyo – 1:00 pm
- Melbourne – 2:00 pm

Training Opportunities

SAE International and the AESQ have partnered to provide effective training for key roles at your organization.

[AS13100 Quality Foundations \(C2112\)](#)

[AS13100 Supplemental Quality Management System Requirements \(PD532104\)](#)

For more details on these training opportunities, email CustomerService@sae.org, or call 1-877-606-7323 (U.S. and Canada) or +1 724-776-4970 (outside US and Canada).

AESQ Virtual Supplier Forum Registration

AESQ Supplier Forums are open and free to anyone interested in participating. To register online, please visit the AESQ Website: <https://aesq.sae-itc.com/events>

Participants are encouraged to review AS13100 prior to attendance.

For all questions concerning Supplier Forum Registration or to register over the phone, please contact SAE Customer Service at +1 724-776-4970 or email: customerservice@sae.org

A registration confirmation will be sent by email following completion of the online Registration Form. A Webex link will be sent to all registrants 1 week prior to the event.

About AESQ

The Aerospace Engine Supplier Quality (AESQ) Strategy Group was established to develop, specify, maintain, promote and deploy a common set of quality standards specific to the Global Aerospace Engine supply chain. This is intended to reduce customer specifics through a focused set of standards that integrate industry best practice and aerospace engine unique elements.

Questions

Any other questions, please contact Becky Lemon at +1 724-772-4083 or Rebecca.lemon@sae.org.

AESQ looks forward to your participation!
